Hi – Call at 11AM today. For those here today, let's gather in Tribal Nations. The invite says there are only five lines, so we should call in from one location.

Hi all – as we discussed yesterday, I'd like to get together for a short call Friday to touch base on Gold King Mine FOIA issues. I will be sending an appointment for a call at 1:00 p.m. EDT.

I've attached 2 spreadsheets – the first is the spreadsheet listing the 12 requests received to date (after consolidating the 6 CNN requests into 2 requests), as well as a spreadsheet I put together broadly categorizing the specific requests.

Items to discuss tomorrow:

- What categories of documents/specific documents we should propose be proactively posted to the public website.

Attorney Client/Ex. 5

Also, I recommend that by the end of next week each Region/affected HQ office take a look at the spreadsheet categorizing the requests and give thought as to who would be the primary custodians in that Region/Office that would likely have documents responsive to each category.

Thanks,

Becky
